

Leaders

Drawing together the most successful in commerce and industry

Consider being part of the success

Leaders created by HuntRevenue, has been established to offer both guests and host companies the opportunity to be involved with the highest quality of exclusive peer-to-peer networking opportunities. Where business relationships can be built, cemented; experiences and knowledge shared and opportunities explored.

Leaders events are spread throughout the year and held in the most iconic and exclusive of locations throughout the UK and further afield.

The structure of each event may vary depending on host requests. But you can rely every Leaders gathering will include the finest catering, amazing and memorable locations, inspiring speakers, engaging guests and conversation. This enables our event hosts to take away newly established key relationships and understandings on which to develop their business and reach corporate objectives.

Leaders events are designed to be corporately intimate with a maximum of 20 guests. This structure ensures that the host has the opportunity to maximise their one-to-one discussions with all their guests and that additionally all parties have the opportunity to meet and converse with peers. We must stress that Leaders events contain absolutely no selling or presentations, just relaxed networking and themed discussions.

Guests are drawn from directors, C level senior executives, and partners from firms and organisations in industry, commerce and the professions, as profiled by each event host company.
